“Your Technology Partner”

Rajendra Prasad Vishwakarma

Founder and Director

“Our passion for dynamic design and little details comes through with every click of the mouse”

Vigo Infotech was established in the year 2016, with the goal to provide high-quality cost-effective services to the internet & IT outsourcing community and businesses who wish to maximize their ROI and REACH by harnessing the unlimited power of Technology. Today we have a team of highly qualified professionals operating from our facilities in India.

We are specialised in design and develop tailor made solutions such as Software Application, Mobile Application, Web Application, Web Portal and Software Customization, and Many More...

We have built First SAAS-Based Software for Private Security, Facility, Manpower & HR Service industries which brings solutions in real-time by managing, monitoring, patrolling deployed staff, guards, labour, skilled professionals, and Industrial worker assuring their safety at all time.

INTEGRITY

We at VIGO are responsible for developing solutions with full honesty for our customers and doing the right thing in all circumstances, even if no one is watching us.

INNOVATION

VIGO is committed to exceeding customer expectations by identifying new technological advancements and their associated benefits by creating a robust solution.

PASSION

We are passionate about delivering the best-in-class solution along with the zest to understand our customers' needs and create a win-win situation for both, our employees by empowering them to implement their ideas and our customers to reap benefits from our expertise.

PERSISTENCE

We stand by our word and act with a great sense of responsibility towards our commitments. We ensure that an individual, in performing his or her duties, adheres not only to the defined ethical code but also to its intent and spirit. We strongly believe in providing timely, high-quality services, working collaboratively, meeting all performance expectations, and adding value to all our services.
